Saturday, March 28, 2020

7:45 am – 5:00 pm  Registration
8:00 am – 3:00 pm  Exhibits Open
8:00 am – 9:00 am  Coffee and Donuts/Interest Group Meetings
                  Forensic [FO]
                  Health Psychology
                  Psychoanalytic Assessment [AN]

9:00 am – 10:30 am  Scientific Sessions (5)

Symposium A: Deconstructing Psychosis and its Assessment with Relevant R-PAS Measures (1.5 CEs)
Chair: Joni Mihura, University of Toledo

Deconstructing Psychosis: The Role of the Rorschach and Self-Report Measures
Joni L. Mihura, University of Toledo

Cross-Validation of a Dimensional Approach to Assessing Disordered Thought Processes in Rorschach Responses
Emily T. O’Gorman, Larson E. Sholander, Gregory J. Meyer, University of Toledo

Deconstructing Psychosis and Cross-Validating the R-PAS Variables Targeting its Constructs
Kirsten Buckingham, Gregory J. Meyer, University of Toledo
Jeffrey S. Kline, Private Practice, Menlo Park, CA
Joni L. Mihura, University of Toledo

Does Adding Automated Analysis of Speech Cohesion to Dimensionalized R-PAS Cognitive Codes Improve Our Ability to Assess Disorganized Thinking?
Noelle A. Warfford, Gregory J. Meyer, Emily T. O’Gorman, University of Toledo
Joshua J. Eblin, Center for Forensic Psychiatry
Joni L. Mihura, University of Toledo

Melissa R. Peace, Donald J. Viglione, Alliant International University, San Diego, CA
Veronica B. Perez, Irwin F. Rosenfarb, Alliant International University, San Diego, CA

Paper Session B: Decision-Making in Psychological Assessment
Chair: John Stokes, Four Winds Hospital

How Often Does that Happen? Insights from 20 years of Adolescent MMPI-A protocols.
John Stokes, David Pogge, Four Winds Hospital

How Often Does that Happen? Insights from 20 years of Adolescent Rorschachs
John Stokes, David Pogge, Four Winds Hospital

Decentralized Assessments and Recommendations, Centralized Reviews and Dispositions
Ray King, FAA

Interpreting Effect Size Estimates in Personality Assessment Research
Daniel Ozer, David Funder, University of California, Riverside
Symposium C: Novel Measurement of Personality Dynamics Using Intensive Longitudinal Designs (1.5 CEs)
Chair: Aidan Wright, University of Pittsburgh

Examining the Construct Validity of Interpersonal sensitivities Using Intensive Longitudinal Experience Sampling
Chloe Bliton, Penn State University

Examining the trans-theoretical personality model in daily life
Michael Roche, Penn State University-Altoona

Using Machine Learning and Personality Traits to Understand the Predictability of Day-to-Day Affective Dynamics
Nicholas Jacobson, Dartmouth College

Inferring maladaptive personality traits from passive-sensing data
Whitney Ringwald, University of Pittsburgh

Paper Session D: Empirical Validation of Psychopathy Scales
Chair: Martin Sellbom, University of Otago, New Zealand

An Investigation into the Construct Validity of the Expanded Levenson Self-Report Psychopathy Scale
Jaiden Butler, Ball State University
Dustin Wygant, Eastern Kentucky University
Tayla Lee, Ball State University
Andrea M. Loucaides, Ohio Department of Rehabilitation and Corrections
Martin Sellbom, University of Otago, New Zealand

Construct Validity of the Comprehensive Assessment of Psychopathic Personality (CAPP) Self-Report
Nicholas Kavish, Jaime Anderson, Sam Houston State University

Further validation of the Comprehensive Assessment of Psychopathic Personality – Self-Report (CAPP-SR) in a large non-institutional sample
Claire Liggins, Martin Sellbom, University of Otago, New Zealand

Revision and Validation of the Triarchic Psychopathy Scales from the Multidimensional Personality Questionnaire
Emma Veltman, Martin Sellbom, University of Otago, New Zealand
Christopher Patrick, Florida State University
Richie Poulton, University of Otago, New Zealand

Case Discussion E: A Window into Hikikomori, an Increasingly Global Syndrome of Shutting Out Society (1.5 CEs)
Chair: Julie Cradock O’Leary, Private Practice, Anchorage AK

Hikikomori: A Growing, Complicated Phenomenon
Tomoko Miwa, University of Denver
An Assessment Case of an Adolescent Male Recluse in Tokyo
Mitsugu Murakami, Asian-Pacific Center for Therapeutic Assessment, Tokyo, Japan

Family Shame Dynamics in Hikikomori: Integrating TCTS Protocols of an Adolescent and His Parents
Julie Cradock O'Leary, Private Practice, Anchorage AK

Discussant: Leighko Toyoshima Yap, Independent Practice, Oakland, CA

10:30 am – 10:45 Coffee Break

10:45 – 12:15 pm Scientific Sessions (5)

Symposium F: Introducing the MMPI-3 (1.5 CEs)
Chair: Yossef Ben-Porath, Kent State University

MMPI-3 Development
Yossef Ben-Porath, Kent State University
Auke Tellegen, University of Minnesota

The MMPI-3 Normative Samples and Norms
Anthony Tarescavage, John Carroll University
Yossef Ben-Porath, Kent State University

Linking the Structure of MMPI-3 Scale Scores to Contemporary Hierarchical Models of Psychopathology
Martin Sellbom, University of Otago, New Zealand

Examining the MMPI-3 in the Context of Two Prominent Models of Psychopathy
Dustin Wygant, Eastern Kentucky University

Discussant: Steven Finn, Center for Therapeutic Assessment

Roundtable G: SPAGS Presents – Providing and Receiving Assessment Supervision: Experience and Processes (1.5 CEs)
Chair: A. Jordan Wright, Steinhardt Department of Applied Psychology, New York University

Providing and Receiving Assessment Supervision: Experience and Processes
Chloe Bliton, Penn State University
Adam Natoli, Gordon F. Derner School of Psychology, Adelphi University
Jed Yalof, Immaculata University, Immaculata PA and Austen Riggs Center, Stockbridge MA
Amanda Clemence, Albany Medical College
A. Jordan Wright, Steinhardt Department of Applied Psychology, New York University

Paper Session H: Using Personality Measures in Physical Health Assessments
Chair: Emanuela Gritti

Maladaptive Personality Traits and Health Functioning: The Moderating Role of Personality Functioning
Rachel Chavin, Robert Doss, Sara Lowmaster, University of South Dakota
Comparisons of MMPI-2-RF Scores of Outpatients with Reported Disability, Chronic Medical Conditions, or Psychological Ailments

Natalie Hicks, Radhika Krishnamurthy, Florida Institute of Technology

Using the MMPI-2-RF to Predict Long-Term Spine Surgery Outcomes

Duyen Nghiem, Ryan Marek, University of Houston-Clear Lake
Yossef S. Ben-Porath, Kent State University
Andrew B. Block, Texas Back Institute

Interpersonal dependency, personality, and disordered eating patterns: An exploratory study in the Italian context.

Emanuela Gritti, Milano-Bicocca University
Robert F. Bornstein, Derner School of Psychology, Adelphi
Giulio Costantini, Department of Psychology, Milano-Bicocca University, Italy
Margherita Lang, Department of Psychology, Milano-Bicocca University, Italy; ARP Milano

Case Discussion I: Psychotic Levels of Functioning and the Assessment-Treatment Interface (1.5 CEs)
Chair: Steve Huprich, University of Detroit Michigan

Describing the Evaluations, Including Patient-examiner Dynamics
Steve Huprich, University of Detroit Michigan

Assessment Findings
Caleb Siefert, University of Detroit Michigan - Dearborn

Discussant, Anthony Bram, Cambridge Health Alliance/Harvard Medical School; Boston Psychoanalytic Institute

Symposium J: Malingering Research: A Multi-Method Perspective (1.5 CEs)
Chair: Luciano Giromini, Department of Psychology, University of Turin, Italy

Malingering Research with the MMPI Instruments
R. Michael Bagby, University of Toronto, Canada

Malingering Research with the PAI
John Kurtz, Department of Psychological and Brain Sciences, Villanova University

Malingering Research with the IOP-29
Donald Viglione, Alliant International University, San Diego
Luciano Giromini, Department of Psychology, University of Turin, Italy

Combining Embedded Validity Indicators into a Single Validity Composite - A Multivariate Model of Performance Validity Assessment
Laszlo Erdodi, Windsor University, Canada

12:15 pm - 1:45 pm       Lunch Break

1:45 pm – 3:15 pm          Scientific Sessions

Symposium K: Rorschach Markers of Emotional Distress and Dysregulation (1.5 CEs)
Chair: Gregory J. Meyer, University of Toledo
A Rorschach study on rumination, thought suppression, and cigarette smoking behavior
Agata Andó, Francesca Ales, University of Turin, Italy
Patrice Rusconi, University of Surrey, UK

An fMRI study on emotional distress and R-PAS
Enrico Vitolo, Luciano Giromini, Alessandro Zennaro, University of Turin, Italy

R-PAS and Self-Reported Depression with the MMPI-2 and MINI Interview
Madeleine Starin, Alliant International University
Ronald A. Stolberg, Donald Viglione, Alliant International University, San Diego
Arnold Rex Kintanar, Alliant International University

Assessing manifestations of depressive behavior during the Rorschach task
Ruam Pimentel, Gregory Meyer, University of Toledo
Giselle Pianowski, Universidade São Francisco
Jeffrey Kline, Private Practice, Menlo Park, CA

Investigating external validity of depression-related variables on R-PAS protocols
Giselle Pianowski, Universidade São Francisco
Gregory Meyer, Ruam Pimentel, University of Toledo

**Symposium L: Assessment of Thought Disorder: An Integrated Analytic Perspective (1.5 CEs)**
Chair: Bruce L. Smith, UC Berkeley

Where is the Thinker in the Thought? From Descartes to the Rorschach
Odile Husain, Private Practice, Montreal, PQ, Canada

Experience of Psychosis and Thought Disorder From an Existential Perspective
Howard Lerner, University of Michigan

Neuropsychologist as Personality Assessor: Evaluating Domains of Disordered Thought
Jed Yalof, Immaculata University, Immaculata PA and Austen Riggs Center, Stockbridge MA

Crazy or Different: Cross-Cultural Assessment of Thought Disorder
Bruce Smith, UC Berkeley

**Symposium M: Using Repeated Measurement to Therapeutically Assess Clients over Time (1.5 CEs)**
Chair: Katherine Thomas, Center for Therapeutic Assessment

Assessing Suicidality and Self-Harm with a Therapy Client Using Repeated Daily Ratings
Katherine Thomas, Center for Therapeutic Assessment

When Hurt Becomes Suffering: Using Repeated Measures to Understand Chronic Physical and Emotional Pain
Steven Finn, Center for Therapeutic Assessment

Examining Changes in Therapeutic Alliance, Transference, and Interpersonal Functioning Using Repeated Measures
Nicole Cain, GSAPP
**Paper Session N: Assessing the Structure and Dimensionality of Personality Pathology**  
Chair: *Emanuela Brusadelli, University of Wollongong, Australia*

Exploring the factor structure of prototype models of personality disorders  
*Callie Jowers, Steven Humphrej, University of Detroit Mercy*  
*Sharon Nelson, Ann Arbor, VA*

Deconstructing Criterion A of the AMPD  
*Erin Crittenden, University of Tennessee, Knoxville*  
*Mark Wangh, Oak Ridge National Laboratory & University of Tennessee, Knoxville*  
*Darren Garcia, University of Tennessee, Knoxville*  
*Michael Finn, Vanderbilt University Medical Center*  
*Rebecca Skadberg, University of Tennessee, Knoxville*  
*Megan Schmidt, Gretchen Kurdziel-Adams, University of Tennessee, Knoxville & Cambridge Health Alliance, Harvard Medical School*

Exploring Severity: a study on Criterion A using the General Assessment of Personality Disorder  
*Emanuela Brusadelli, University of Wollongong, Australia*  
*Margherita Lang, ARP Studio Associato*  
*Osmano Oasi, Università Cattolica del Sacro Cuore, Milan, Italy*  
*Filippo Aschieri, European Center for Therapeutic Assessment; Università Cattolica del Sacro Cuore, Milan, Italy*

A comparison of the LPFS-SR and LPFS-BF in the assessment of personality impairment  
*Tiffany Brown, Martin Sellbom, University of Otago, New Zealand*

Normative and maladaptive personality construct associations with the LPFS-SR over time  
*Jennifer Boland, Larissa Fernandez, Nicholas Sims-Rhodes, Jaime Anderson, Sam Houston State University*

Personality Psychopathology and the Role of Self-Compassion  
*Emily Sorem, Sam Houston State University*

**Roundtable Discussion O: SPAGS Presents – Transitioning from Graduate School to Early Career**  
Chair: *Chloe Bliton, Penn State University*

Transitioning from Graduate School to Early Career  
*Chloe Bliton, Penn State University*  
*Jaime Anderson, Sam Houston State University*  
*Abby Mulay, Medical University of South Carolina*  
*Michael Roche, Penn State University - Altoona*  
*Kiera Dyette, Practice, William James College Juvenile Court Clinic*  
*Leonard Simms, University of Buffalo, State University of New York*

**3:30 pm – 5:00 pm Scientific Sessions (5)**

**Symposium P: Keeping up with Emerging Research with the Rorschach and R-PAS (1.5 CEs)**  
Chair: *Donald J. Viglione, Alliant International University, San Diego*

A Behavioral Validation Study of the R-PAS Measures of Aggression
A Multi-Method Approach to Predicting Narcissistic Behavior
Larson E. Sholander, Gregory J. Meyer, University of Toledo
Emanuela S. Gritti, University of Milano-Bicocca
Emily T. O’Gorman, Benjamin A. Berry, Manali Ray, Joni L. Mihura, University of Toledo

An R-PAS Study of Bariatric Surgery Candidates
Maira Stivaletti Colombarolli, University of São Paulo, Brazil
Sharon Lettieri, University of Turin, Italy
Emanuela Brusadelli, University of Wollongong, Australia
Sara Pasquadini, University of Turin, Italy
Alessandra Tomasi, ASST Rhodense Hospital, Garbagnate Milanese, Milan, Italy
Alessandro Zennaro, Luciano Giromini, University of Turin, Italy
Sonia Regina Pasian, University of São Paulo, Brazil

Does R-PAS Improve the Association Between the Rorschach and TAT?
Gregory L. Converse, Donald J. Viglione, Ronald A. Stolberg, Alliant International University, San Diego
Robert F. Bornstein, Derner School of Psychology, Adelphi, Garden City NY

Case Discussions Q: Critical Moments: Capitalizing on Therapeutic Opportunities in Collaborative Assessment (1.5 CEs)
Chair: Diane Santas, UC Berkeley

“Therapeutic Detours Along the Way During Collaborative Assessment”
Diane Santas, UC Berkeley

“Derailing the Plan to Explore a Therapeutic Opportunity in Collaborative Assessment.”
Sharon Witkin, UC Berkeley

Discussant: Bruce Smith, UC Berkeley

Paper Session R: Gender, Culture, and the Assessment of Psychopathology
Chair: Ronald A. Stolberg, Alliant International University, San Diego

MMPI-2-RF and Gender Diversity: Substantive Scale Score Differences from the Normative Sample
William Bryant, Amber Sitz, Margaret Achee, Shea McLellan, John McNulty, The University of Tulsa

Quantitative Assessment of Psychopathology in Transgender Adolescents
Heikki Toivakka, Private Practice
Tari Siljander, Sari Heinijärvi, Riittakerttu Kaltiala, Department of Adolescent Psychiatry, Tampere University Hospital
The Impact of Language and Acculturation on MMPI-2-RF Profiles Taken by Bilingual English and Arabic Speakers
Ronald A. Stolberg, Julie Boutros, Mojgan Khademi, Alliant International University, San Diego

Social Support and its Correlation with Loneliness of Nepalese Older Adults
Hari Dhakal

Measurement Invariance of the Emotion Regulation Questionnaire between Western and Eastern cultures
Leila Wu, Jose Soto, The Pennsylvania State University

Nuts and Bolts of Normative Studies
Barry Ritzler, Long Island University

Symposium S: Advances in the Assessment of Levels of Personality Functioning (1.5 CEs)
Chair: Steven Huprich, University of Detroit Mercy

Beyond Insecurity: LPF Partially Mediates Relationships between Attachment Insecurity with subjective well-being and interpersonal problems.
Caleb Siefert, University of Minnesota-Dearborn
Kevin Meehan, Long Island University

Personality Organization in the AMPD
Kevin Meehan, Long Island University
Julia F. Sowislo – Weill Cornell Medical College
Nicole M. Cain – Rutgers University

Development of Scales for Autonomy and Communion in self-report measures for Level of Personality Functioning
Emily C. Mariotti, University of Tennessee
Mark H. Waugh, University of Tennessee, Oak Ridge National Laboratory
Cara M. McClain, Katherine A. Lenger, University of Tennessee
Jill Clemence, SUNY, Albany Medical College
Abby L. Mulay, Medical University of South Carolina
Racheli Miller, The Center for Compassion-Focused Therapy
Jeremy M. Ridenour, Austin Riggs University

Comparative Content Analysis of Self-Report Scales for Level of Personality Functioning
Abby Mulay, Medical University of South Carolina
Mark H. Waugh, University of Tennessee, Oak Ridge National Laboratory
Cara M. McClain, Emily C. Mariotti, Elliott N. DeVore, Katherine A. Lenger, Ashley N. Russell, Autumn Rae Florimino, University of Tennessee, Knoxville
Katie C. Lewis, Jeremy M. Ridenour, Austin Riggs Center
Lorrie G. Beavers, Private Practice, Oak Ridge, TN

Discussant: Robert F. Bornstein, Derner School of Psychology, Adelphi, Garden City NY

Symposium T: Clinical Issues in Family Court Evaluations (1.5 CEs)
Chair: James Loving, Private Practice

Managing Evaluator Bias in Family Court Matters
Advancing Standards: Issues in Juvenile Competence to Stand Trial Evaluations
Kiera Dyette, Private Practice

Revisiting Structured Professional Judgment in Parenting Capacity Evaluations: A Proposal for Measurement Validation
Brian Eig, Janet Eig, Private Practice

Rorschach Contributions to Parenting Capacity Evaluations: CS and R-PAS Working Together
Alan Lee, Brian Eig, Private Practice

Parenting capacity in the context of family reunification in cases of sibling incest
Nicole Paolillo, Private Practice

Discussant: Alan Lee, Private Practice

5:30 pm – 7:00 pm Farewell Reception
5:30 pm – 6:30 pm Poster Session II

Chair: Joni Mihura, Program Chair and President-Elect SPA Board of Trustees

Assessment Training and Exposure Trends Among Psychology Doctoral Students: Intention to Use Assessments in the Future
Nicole Lemaster, Becca Bergquist, Paul Ingram, Adam Schmidt, Joseph Currin, Texas Tech University

Validity of the Personality Inventory for DSM-5 Short Form (PID-5-SF) in Latinx Undergraduates
Tessa Long, Stephanie Haugh, Sam Houston State University
Andy Torres, Frances Morales, Alfonso Mercado, University of Texas Rio Grande Valley
Jaime Anderson, Sam Houston State University

The Indirect effects of Narcissism on Antagonism and Anger Rumination
Courtney Mason, Hillary DeShong, Mississippi State University

The Effect of Negative Attentional Bias on the Rorschach Inkblot Test
Ryo Matsuda, Chukyo University

Lack of Emotional Clarity and Diminished Self-Efficacy as Core Problems in Functional Dependency: Examining Associations with Structural Equation Modeling
Andrew McClintock, University of Wisconsin-Madison
Shannon McCarrick, Access Community Health Center

How Do Interpersonal Subtypes Affect Psychotherapy Outcomes in a Depressed Sample?
Kate McMillen, Mark J. Hilsenroth, Adelphi University

Correlates of Borderline Personality Disorder Symptoms: A Primary Care Study
Khrystyna Melnyk, University of Detroit Mercy

Using the IOP-29 with the IOP-M: An Online Simulation Study
Laure Minassian, Jessica Bosi, University of Surrey, Guildford, UK
Luciano Giromini, University of Turin, Italy
Christina Winters, Lancaster University, Lancaster, UK
Convergent and Discriminant Validity of the PAI-A Antisocial Features Scales
Gillian Moloney, David Pogge, Fairleigh Dickinson University
John Stokes, Four Winds Hospital, Pace University

Possible Application of Therapeutic Assessment to Master Course Students in the Clinical Psychotherapists Training Course.
Tomoko Muramatsu, Kyoto Notre Dame University
Tamiko Hayashi, Rakuwakai Otowa Hospital

Gender Differences in Actual vs. Perceived Mental Health and Health Behaviors in a Sample of Primary Care Patients
Najat Nahshal, John Jones, John Porcerelli, University of Detroit Mercy

The Clinical Utility of Personality Pathology Frameworks: A Meta-Analytic Review
Adam Natoli, Robert F. Bornstein, Derner School of Psychology, Adelphi University

Relationship between R-PAS and BFI2 Moderated by Self-perception Indicators from R-PAS
Ruam PFA Pimentel, Anna Elisa de Villemor-Amaral, Universidade Sao Francisco

Predicting Change in Pain Severity/Interference with Defense Mechanisms in Primary Care Patients with Medically Unexplained Symptoms
John Yamin, Wayne State University
John Porcerelli, University of Detroit Mercy
Maisa Ziadni, Stanford University
Trisha Zimmerman, University of Detroit Mercy
Mark Lumley, Wayne State University

Explorations into the Rorschach Response Process – Fall 2019
Renee Prince, Donald Viglione, Autumn Lewis, Kenedy Ramos, Alejandra Torrero, Carrington Mahr, Alliant International University, San Diego

Treatment Utilization Amongst Veterans with Externalizing Psychopathology
Taylor Rodriguez, Joye Anestis, University of Southern Mississippi
Merav Silverman, Christopher Erbes, Marianne Schumacher, Amanda Ferrier-Auerbach, Paul Arbisi, Minneapolis VA Health Care System

Interpersonal Decentering Moderates the Relationship Between Bullying and Partner Violence
Courtney Sanders, Sharon Perkins, Kathy Tehran, University of North Texas

An Investigation into the Impact of Narcissism on the Prediction of Successful Psychopathy
Sneha Shankar, Steven Steinert, Sydney Yochum, Eamonn Arbie, Eastern Michigan University

A Review of Arabic Language Instruments to Assess Personality Disorders
Mohammad Sibai, Mariam Saad, Steven Huprich, University of Detroit Mercy

The Relationship Between a Word Association Task and Psychotic Indicators
Amber Sitz, Margaret Achee, William Bryant, Allan Harkness, John McNulty, University of Tulsa

Relative Effects of Big Five Traits and Anxiety Mindset on Psychiatric Distress
Jessica Sklar, Kayleigh Watters, Matthew Yaleb, Pala Alto University
Levels of Trauma Exposure with PTSD using the PAI
Cazzie Steinzor, Sara Lowmaster, University of South Dakota

The Incremental Effects of Betrayal Trauma and Maladaptive Traits on Machiavellianism
Amber Stewart, Sloane Rickman, Palo Alto University
Alytia Levendosky, Michigan State University
Matthew Yalch, Palo Alto University

Are Some Disorders Easier to Feign- An examination of MMPI-2-RF and PAI Data of Trained Student Malingers Across Several Diagnostic Categories.
Ronald A. Stolberg, Donald Viglione, Philip Johnson, Alyssa Frederique, Alliant International University, San Diego
Jessica Knight, Alliant International University
Meghan Fruth, Stephanie Judy, Alliant International University, San Diego

The Impact of Acculturation of Asian Indians on PAI Profiles
Ronald A. Stolberg, Sahiba Chandhok, Tara Shuman, Alliant International University, San Diego

The Centrality of relationship scale: A measure of engagement with romantic relationships
Maddie Straup, Sharon Jenkins, University of North Texas

Hierarchical Structure of Personality Disorder Beliefs
Olivia Tabaczyk, Palo Alto University
Sindes Dawood, The Pennsylvania State University
Hans S. Schroder, McLean Hospital
Matthew Yalch, Palo Alto University

Determining the Presence Psychotic and Obsessive-compulsive Disorders in an Individual with Autism Spectrum Disorder through Personality Assessment
Kathleen Torsney, William Paterson University

Semantic Inconsistency, Temporal Reliability, and Convergent Validity in the PID-5
Peony Wong, Michael Hartman, Villanova University
John Kurtz, Department of Psychological and Brain Sciences, Villanova University
